The beer crafted by Ferran Adrià, the world's most award-winning chef, to compliment every culinary creation.

Ferran Adrià

"I PRESENT YOU INEDIT. A UNIQUE BEER CREATED SPECIFICALLY TO PAIR WITH FOOD"

Created from two different kinds of beer and aromatized with spices to deliver a unique tasting experience.

Inedit is a unique combination of barley and wheat malt, hops, coriander, orange peel, licorice, yeast and water.

For the first time, beer has become a really serious alternative to wine in the best restaurants.

After bottling, a second fermentation takes place, resulting in a natural sediment, and the liquid becomes cloudy. The result is a cloudy beer with a fruity taste and floral notes, perfect in combination with the most delicious dishes.
